Other designs in the product range can be incorporated into your design such as, Rotunda, Octagonal or Cobblestone quad sets, to form curved steps or to have as a feature or a focal point in your patio.

All our paving is made here in our custom built manufacturing facility. We use aggregates sourced from local quarries and blended together with special dyes and cements to produce a long lasting product that has proven its beauty and charm over many years. It has become the number 1 choice of paving used by our paving contractors.

Let us organize your paving project using our network of professional designers and installers.

Samples or products on display are indicative of the type of goods quoted. Pre-cast concrete products are likely to vary in colour and shape due to the nature of raw materials, general weathering and production processes, so therefore exact matching to samples is not possible to achieve.

RANDOM PATTERN (3 SIZES)

*Suitable for Old Valentia, Farmhouse Range
and Weathered Riven Country Collection*

KWP Print & Design Ph: 021 4373096

1. Use the 300mm scale above to draw an outline of the area in which you wish to lay your patio.
2. Place the traced outline on the pattern and draw over the shapes. It is advisable to start in a corner.
3. Individual paving stones can be used to finish off thereby minimising cutting.
4. Count up the number of the various sizes drawn to give the total required. Make a sensible allowance for cutting.
